# Who We are

Welcome to The Researcher Force, a trailblazing collective of visionary researchers dedicated to reshaping the landscape of multidisciplinary innovation. Our mission is simple yet profound: to harness the power of collaboration and bring together exceptional minds from diverse fields under one ambitious banner.

## **The Pinnacle of Expertise**

At The Researcher Force, we boast a team of preeminent researchers whose dedication to advancing knowledge knows no bounds. With unrivalled proficiency in their specialized domains, our researchers have authored an impressive array of over 100+ review and research papers. These publications have graced the pages of prestigious journals, including Scopus, Elsevier, SCI, NCBI, PubMed, and NLM Indexed Journals.

## **Driving Innovation, Claiming Patents**

Our founders, luminaries in their respective spheres, hold a collective portfolio of more than 13 patents. These patents stand as a testament to our relentless pursuit of innovation and our unwavering commitment to pushing the boundaries of what is possible.

## **Breaking Barriers, Forging Progress**

The Researcher Force is an entity that transcends traditional disciplinary boundaries. Our ethos is rooted in a shared passion for advancing the frontiers of science and engineering positive change across all domains.

## **Join Our Vanguard**

Whether you are an accomplished researcher seeking new horizons for collaboration or a burgeoning scientist yearning for mentorship and growth, The Researcher Force beckons you. We firmly believe that innovation flourishes in an environment of diversity and collaboration, and together, we have the power to redefine the very limits of human knowledge.

Embrace the opportunity to join us on this extraordinary journey of exploration, invention, and transformation. Together, we form The Researcher Force—an unstoppable force forging a brighter, more enlightened future for all

# Theme

A Faculty Development Program focused on research methodology plays a pivotal role in enhancing the quality of education and academic research within an institution. Such programs are designed to empower educators and researchers with the knowledge and skills necessary to conduct rigorous and impactful research. Through workshops, seminars, and hands-on training, participants are exposed to the latest research methodologies, data analysis techniques, and best practices in scholarly inquiry. These programs help faculty members stay updated with the evolving landscape of research, ensuring that their teaching is informed by the latest findings and that their own research contributes meaningfully to their respective fields. Ultimately, a robust faculty development program on research methodology not only strengthens the capabilities of individual educators but also contributes to the institution's academic excellence and its ability to produce valuable research outcomes.

## Key Points

- **Skill Enhancement:** The program aims to enhance the research skills and capabilities of faculty members, ensuring they are well-equipped to conduct high-quality research.
- **Updated Knowledge:** Participants are exposed to the latest research methodologies and tools, allowing them to stay current with the ever-evolving research landscape.
- **Data Analysis:** The program often includes training in data collection, analysis, and interpretation, enabling faculty to use empirical evidence effectively in their research.
- **Interdisciplinary Approach:** Faculty members from diverse fields can benefit from such programs, fostering cross-disciplinary collaboration and knowledge sharing.
- **Pedagogical Impact:** Improved research skills also translate into better teaching, as educators can share their updated knowledge with their students, enriching the learning experience.
- **Research Output:** These programs contribute to increased research productivity and the generation of valuable research outcomes, which enhances an institution's academic reputation.
- **Peer Learning:** Faculty members can learn from their colleagues' experiences and expertise, promoting a culture of continuous improvement.
- **Institutional Excellence:** The program plays a critical role in the institution's academic excellence, supporting its mission to produce high-quality research and education.
- **Adaptation to Trends:** Faculty members can adapt to new research trends, methodologies, and tools, ensuring their research remains relevant and impactful.
- **Long-term Benefits:** Faculty development in research methodology has long-lasting benefits, fostering a culture of research excellence and innovation within the institution.

**PROF. DR. BHARAT MISHRA, UTTAR PRADESH, BHARAT**

## *Topic*

### **Academic Research and Ethics**

**Dr. Bharat Mishra** is a prominent figure in the pharmaceutical sciences field, serving as Professor and Director at RGS College of Pharmacy, Itaunja, Lucknow. With a strong background in Pharmacology, he has a wealth of experience and a strong passion for learning and research. He earned his Ph.D. in pharmaceutical sciences from Jodhpur National University in 2013 and an M. Pharm in Pharmacology from Rajiv Gandhi University of Health Sciences in 2006. Dr. Mishra has over 15 years of teaching experience in pharmaceutical education, shaping the future of budding pharmacists and researchers.

In addition to his academic career, Dr. Mishra has served as a faculty member at Nirmala College of Pharmacy, Muvattupuzha, under Kerala University of Health Sciences, and at the College of Medicine, School of Pharmacy, University of Gondar, Ethiopia, under the United Nations Development Program. He has also been responsible for overseeing Master's programs in Pharmacy and Nursing, demonstrating his commitment to global education.

Dr. Mishra's mentorship spans diverse research projects, including preclinical and toxicological research, animal house maintenance, pharmacological screening models, scientific writing, and molecular cell signalling mechanisms. He emphasizes imparting essential skills such as research methodologies, scientific writing, effective communication, interpersonal skills, presentation skills, leadership qualities, personality development, and soft skills.

Dr. Mishra's contributions to the scientific community are substantial, with 63 high-quality research articles published, 24 conference proceedings, three books, and 11 papers presented at various national and international forums. He is also actively involved in bachelor-level courses like B. Pharm and MBBS. Dr. Mishra's unique skills extend beyond traditional academics, including conducting motivational classes, offering career counselling, teaching stress management techniques, mental conditioning strategies, and effective body language. His comprehensive approach to education includes triple T management and personal development.

In conclusion, Dr. Mishra's dedication to pharmaceutical sciences, education, and research has made him a significant figure in the field.

Speaker-02

DR. BADMANABAN. R, K, KERALA, BHARAT

### *Topic*

#### Herbal Research: Standardization and Approaches

**Dr. Badmanaban. R** has been working as a principal, professor, and H.O.D. of Pharmacognosy in Nirmala college of pharmacy, Muvattupuzha, Kerala. He completed his B.Pharm in the year 2000, his M.Pharm. in the year 2002, both from Tamil Nadu, and his Ph.D. in the year 2010 from the state university of Gujarat, and he has 22 years of teaching and research experience. His involvement in institutional and administrative areas at the college level is as Secretary of the Institution and Research Advisory Board and Chairman of the Programme Assessment and Improvement Committee. Chairman, Internal Quality Audit Cell (IQAC), Chief Coordinator, National Board of Accreditation (NBA), Chairman, Institutional Animal Ethical Committee, and Biological Scientist, Institutional Human Ethical Committee of Annoor Dental College, Kerala, guided 60 UG projects, 22 PG projects, and 3 PhD scholars. His research interests are Phytopharmaceuticals, polyherbal formulation development and standardization, new analytical method development and validation for commercial formulations, the isolation of plant markers, and characterization. His other credits include 52 publications in indexed journals, 02 Books Publication as a main author, and 03 as a co-author. Participated as a resource person, coordinator, convener or, chairperson totalling 18 in various scientific forums. Bagged research project grants of Rs. 14.5 lacs from AICTE and Rs. 35,000 from the Gujarat Council of Science and Technology, he has also completed 05-Sponsored or Honorary Consultation and is well versed in handling sophisticated instruments like Shimadzu LC CHT 20-HPLC, Japan-made, and DESAGA Bio Step HPTLC equipment, Germany-made. He is a member of professional bodies, including APTI and the International Association for the Advancement of HPTLC, Switzerland.

**DR. DESHRAJ SIRSWAL, PUNJAB, BHARAT**

## Topic

### Philosophical Research: An Overview

**Dr. Deshraj Sirswal** is an Assistant Professor (Philosophy), Post Graduate Govt. Govt. College, Sector -46, Chandigarh. Before that he taught undergraduate philosophy students at Smt. Aruna Asaf Ali Govt. P.G. College, Kalka (Panchkula) and P.G.Govt. College for Girls, Sector-11, Chandigarh. He is also working as Programme-Co-ordinator, Centre for Positive Philosophy and Interdisciplinary Studies (CPPIS) and Centre for Studies in Educational, Social & Cultural Development (CSESCD). Dr. Sirswal completed M.A. (2005) and Ph.D. (2010) in Philosophy from the Department of Philosophy, Kurukshetra University, Kurukshetra. Being the Chief-Functionary of Society for Positive Philosophy and Interdisciplinary Studies (SPPIS), Haryana, he developed several online pages on Philosophy News, Positive Philosophy, Indian Psychology, Logic, Interdisciplinary Studies etc. Dr. Sirswal the Editor of two bi-annual interdisciplinary online journals Lokāyata: Journal of Positive Philosophy (SSN :2249-8389) and Milestone Education Review (The Journal of Ideas on Educational & Social Transformation) (ISSN: 2278-2168). he also took the responsibility of Programme Coordinator, Philosophical Harmony Chair Existential Harmony Research Projects and World Conference, IASE Deemed University and Gandhi Vidya Mandir, Sardarshahar (Rajasthan) till 2016.

Dr. Sirswal is a member of advisory boards of research journals like International Journal of Educational Studies (IJES) (ISSN: 2312-458X (Online), International Journal of Multidisciplinary Educational Research (IJMER) (ISSN: 2277-7881), Journal of Pro-Poor Growth (An International Perspective), Intellection (ISSN:2319-8192), Haryana CTE Newsletter, Council for Teacher Education, Haryana State Chapter, PhilManQuest (ISSN: 2250-1835) and Chintan : Research Journal (ISSN:2229-7227). He is an active member of Indian Philosophical Congress (IPC), Akhil Bhartiya Darshan Parishad (ABDP), Society for Philosophical Praxis, Counseling and Spiritual Healing (SPPCSH), Jaipur, Council for Teacher Education (Haryana State Chapter), Society for Positive Philosophy and Interdisciplinary Studies (SPPIS), Haryana, International Congress of Social Philosophy (ICSP), Associate Member of Council for Research in Values and Philosophy (CRVP), Washington D.C. and Milestone Education Society (Regd.) Pehowa (Kurukshetra) etc.

Dr. Sirswal also participated and presented research papers in several seminars, conferences and contributed more than 50 research papers in different journals of philosophy and edited books on the topics like The Positive Philosophy, Indian Philosophy, Ambedkarism and Human Rights, Ethics and Social Philosophy etc.

DR. SUMEET DWIVEDI, MADHYA PRADESH, BHARAT

### Topic

## An Overview on Journal Selection & Publication

**Dr. Sumeet Dwivedi** has completed his B. Pharm from Smriti College of Pharmaceutical Education, Indore, MP; M.Pharm with Honors & Gold Medal in Pharmacognosy & Phytochemistry from Vinayaka Mission's University, Salem, TN, Ph.D. from Suresh Gyan Vihar University, Jaipur, RJ, India. He has awarded with Fellowship FLSL in 2013 from Pavan Education society Gujrat for his outstanding performance in research on herbal medicine and herbal formulations. He has over 15 year of experience in Academics, Research and Administration in various Pharmacy Institutions. Presently Dr. Dwivedi is working as Associate Professor, Acropolis Institute of Pharmaceutical Education and Research, Indore, M.P. He has his credit of more than 300 research/review papers in various national and international Journal of repute, has more than 100 abstract in various Seminar & Conferences, published 35 books and serving as Executive Editor, International Journal of Pharmacy and Life Sciences, Reviewer of many Journals and Editorial Board Member of several International Journal vis., African Journals, American J. of Pharmacy etc. He has been awarded as Young Scientist award in 2018, Young Researcher award in 2018, Inspirational Teacher award in 2019 & Young Achiever award in 2020 by various organizations. He has also received letter of appreciation by DHR Industrial, India for adopting his research work formula and methodology for formulation of herbal oil and shampoo in Nov, 2018. He has delivered more than 30 lectures in various Conferences & Seminar on herbal medicine, Standardization of herbals, traditional claims, folk lore uses of herbs & Herbal formulations. Dr. Dwivedi has successfully organized 6 Seminar funded by MPCST & AERB; Workshop on Medicinal plants and completed two major research project funded by Omar Al-Mukhtar University, Al- Bayda, Libya & Research Cell, OUI. He has also Published 16 Indian Patent & granted with 1 Indian, 1 Australian Patent, 3 UK Design Patent & 2 Indian Design Patent. He has guided more than 35 Postgraduate students, awarded 5 Ph.D and presently 4 students are working under him for their Doctorate. He has keen interest in Herbal Medicine, Documentation and Validation of herbal dosage form. He is involved in research on biological & pharmacological screening, formulation, standardization of herbals, cultivation practices of medicinal plants and phenological studies of herbs.

DR. SUMITRA SINGH, DELHI, BHARAT

## Topic

### Importance of Review of Literature in Humanities and Social Science Research

**Dr. Sumitra Singh** is presently working as Associate Prof at Amity Law School, NOIDA. Dr. Sumitra Singh is a young, dynamic academician with varied academic interests. She has presented research papers in various national and international conferences, Seminars. She has written 4 books titled ' . She has contributed chapters in various books of national and international repute. Her major areas of interest are Environmental Studies & Law, Legal English, English literature , Media and Cinematic Studies. She is on the editorial board of various international Journals like WASET, IJELL. She is the Programme Coordinator of Two radio shows –SAMVIDHAN & Legal Aid at Radio Amity 107.8 FM.

She is an LLM in Criminal and Constitutional law and PhD in English. She is a Presenter on various tv shows and is the Editor Elysian. She is also the State Advisor to Pradhan mantri Jan kalyani prachar prasar abhiyan, UP Advocate cell. She is the Vice president of International economic forum for commerce and industry and is the Delhi state president for Women's Indian chamber of commerce and industry.

She is the convenor of Amity legal aid and literacy committee.

DR. NITAN SHARMA, JAMMU, BHARAT

## *Topic*

### Qualitative Research Approaches

**Dr. Nitán Sharma** holds a doctoral degree from the Department of Law at the University of Jammu. Currently, he serves as an Assistant Professor at The Law School, University of Jammu. Before joining his current position, he gained teaching experience at Amity Law School, Noida.

Dr. Sharma is a prolific researcher with a substantial body of work published in reputable journals, including those indexed in Scopus, Web of Science, UGC-CARE, and other peer-reviewed publications. In addition to his research, he has authored books addressing significant contemporary socio-legal topics, such as Human Rights in the globalized world, Women's Rights, Rights of the Transgender community, and Environmental issues.

DR. SUMAN KUMAR MEKAP, ODISHA, BHARAT

## Topic

### Plagiarism an Insight to Academic Research

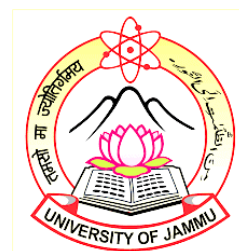

**Dr. Suman Kumar Mekap** is currently working as an Associate Professor at Centurion University of Technology & Management, Bhubaneswar and a highly accomplished professional with a strong background in pharmaceutical sciences and pharmacology. He holds a Ph.D., M. Pharm, and B. Pharm degrees from Utkal University and a Post Graduate Diploma in Computer Application. Mekap has extensive expertise in operating systems and specialized software, including Windows XP/10, MS-Office, email, Internet, and specialized software like Sigma stat 3.01, Auto Dock, Argus Lab, Hex, and BIOVIA Discovery Studio.

Mekap's academic and research achievements include a project report on the anti-inflammatory activity of *Euphorbia hirta* Linn during his B. Pharm and a project on the extracts of *Crateva magna* Lour. Bark with special reference to its Anti-urolithiatic activity during his M. Pharm. He served as an Assistant Professor in pharmacology at Sri Satya Sai University of Technology & Medical Sciences from 2008 to 2012, and as a Project Fellow in a UGC-funded Major Research Project.

Mekap has also actively engaged in professional development, attending over 20 Faculty Development Programs and participating in numerous conferences. His Ph.D. thesis focused on the "Phytochemical, Antidiabetic, and Antioxidant Evaluation of Some Indigenous Weeds from Crop Fields of Odisha."

In addition to his academic and research pursuits, Mekap has contributed to ethical practices in research as a CPCSEA nominee and Member Secretary of the Institutional Animal Ethics Committee (IAEC) since 2017. He completed an online certified course on Good Clinical Practice under the National Institute on Drug Abuse (NIDA) in 2021.
